Independent auditor's report on review of interim condensed consolidated financial information to the Board of Directors of Dar Al-Thuraya Real Estate Company K.S.C. (Public) State of Kuwait

Introduction

We have reviewed the accompanying interim condensed consolidated financial information of Dar Al-Thuraya Real Estate Company K.S.C. (Public) ("The Parent Company") and its subsidiaries (together referred to as "the Group") which comprise the interim condensed consolidated statement of financial position as at 30 September 2017, and the related interim condensed consolidated statements of income, comprehensive income, changes in equity and cash flows for the nine month period then ended. The preparation and fair presentation of this interim condensed consolidated financial information is the responsibility of the Parent Company's management in accordance with IAS 34: "Interim Financial Reporting". Our responsibility is to express a conclusion on this interim condensed consolidated financial information based on our review.

Scope of review

We conducted our review in accordance with the International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditors of the Entity". A review of interim condensed consolidated financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and, consequently, does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial information is not prepared, in all material respects, in accordance with International Accounting Standard 34.

Report on Other Legal and Regulatory Requirements

Furthermore, based on our review, the interim condensed consolidated financial information is in agreement with the books of account of the Parent Company. We further report that nothing has come to our attention indicating occurrence of contraventions during the nine month period ended 30 September 2017, of the Companies' Law No. 1 of 2016 and its Executive Regulation, or of the Parent Company's Memorandum of Incorporation and Articles of Association, as amended, during the nine month period ended 30 September 2017 that might have had a material effect on business of the Group or on its interim condensed consolidated financial position.

2. Basis of preparation

The condensed consolidated interim financial information has been prepared in accordance with the International Accounting Standard 34, Interim Financial Reporting. The interim condensed consolidated financial information does not include all the information and disclosures required for complete annual consolidated financial statements prepared in accordance with International Financial Reporting Standards (IFRS). In the opinion of management, all adjustments consisting of normal recurring accruals considered necessary for fair presentation have been included.

Operating results for the nine-month period ended 30 September 2017 are not necessarily indicative of the results that may be expected for the financial year ending 31 December 2017. For further information, refer to the annual audited consolidated financial statements of the Group for the year ended 31 December 2016.

This interim condensed consolidated financial information is presented in Kuwaiti Dinars ("KD") which is the functional and presentation currency of the Parent Company.

The accounting policies used in the preparation of this interim condensed consolidated financial information for the current interim financial period are consistent with those used in the preparation of the consolidated financial statements for the year ended 31 December 2016, except for the adoption of the following new standards and amendments effective as of 1 January 2017. The nature and the effect of these changes are disclosed below. Although these new standards and amendments will be applied for the first time in 2017, they do not have a material impact on the annual consolidated financial statements of the Group or the interim condensed consolidated financial information of the Group.

New standards and amendments effective from 1 January 2017

Amendments to IAS 7 Statement of cash flows: Disclosure initiative

The amendments require entities to provide disclosures about changes in their liabilities arising from financing activities, including both changes arising from eash flows and non-cash changes (such as foreign exchange gains or losses). On initial application of the amendment, entities are not required to provide comparative information for preceding periods. The Group is not required to provide additional disclosures in its interim condensed consolidated financial statements, but will disclose additional information in its annual consolidated financial statements for the year ended 31 December 2017.

Amendments to IAS 12 – Recognition of Deferred Tax Assets for Unrealized Losses

The amendments clarify that the Group needs to consider whether tax law restricts the sources of taxable profits against which it may make deductions on the reversal of that deductible temporary difference. Furthermore, the amendments provide guidance on how an entity should determine future taxable profits and explain the circumstances in which taxable profit may include the recovery of some assets for more than their carrying amount.

The amendments require Group to apply them retrospectively. However on initial application thereof, the change in the opening equity of the earliest comparative period may be recognised in the opening retained earnings (or in another component of equity as appropriate) without allocating the change between opening retained earnings and other components of equity. It is required that in case such relief is applied, this fact must be disclosed.

13. Fair value disclosures

The fair value represents the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date

The following table provides an analysis of financial instruments that are measured subsequent to initial recognition at fair value, Grouped into Levels 1 to 3 based on the degree to which the fair value is observable:

- Level 1: inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Group can access at the measurement date.
- Level 2: Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly or indirectly (inputs relating to prices).
- Level 3: inputs are unobservable inputs for the asset or liability.
