### ***Introduction***

We have reviewed the interim condensed consolidated financial information of Dar Al-Thuraya Real Estate Company K.S.C. (Public) (the "Parent Company") and its subsidiaries (together referred to as the "Group") which comprises the interim condensed consolidated statement of financial position as at 30 September 2025, and the related interim condensed consolidated statement of comprehensive income, interim condensed consolidated statement of changes in equity and interim condensed consolidated statement of cash flows for the nine-month period then ended. The preparation and fair presentation of this interim condensed consolidated financial information is the responsibility of the Parent Company's management in accordance with IAS 34: "Interim Financial Reporting". Our responsibility is to express a conclusion on this interim condensed consolidated financial information based on our review.

### ***Scope of Review***

We conducted our review in accordance with the International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim condensed consolidated financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and, consequently, does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

### ***Conclusion***

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial information is not prepared, in all material respects, in accordance with IAS 34: "Interim Financial Reporting".

### **Report on Other Legal and Regulatory Requirements**

Furthermore, based on our review, the interim condensed consolidated financial information is in agreement with the books of account of the Parent Company. We further report that nothing has come to our attention indicating any violations of the Companies Law No. 1 of 2016, and its Executive Regulations, as amended, or Law No. 7 of 2010 concerning the Establishment of the Capital Markets Authority and Organization of Securities Activity and its Executive Regulations, as amended, nor of the Parent Company's Memorandum of Incorporation and Articles of Association, as amended, have occurred during the nine-month period 30 September 2025, that might have had a material effect on business of the Group or its interim condensed consolidated financial position.

**3. BASIS OF PREPARATION (CONTINUED)**

**Changes in material accounting policy information**

**New standards, interpretations and amendments adopted by the Group**

Several amendments apply for the first time in 2025, but they do not have an impact on the interim condensed consolidated financial information of the Group.

***Lack of Exchangeability (Amendments to IAS 21)***

On 15 August 2023, the IASB issued Lack of Exchangeability which amended IAS 21 The Effects of Changes in Foreign Exchange Rates (the Amendments). The amendments arose as a result of a submission received by the IFRS Interpretations Committee about the determination of the exchange rate when there is a long-term lack of exchangeability. IAS 21, prior to the Amendments, did not include explicit requirements for the determination of the exchange rate when a currency is not exchangeable into another currency, which led to diversity in practice.

The Committee recommended that the IASB develop narrow scope amendments to IAS 21 to address this issue. After further deliberations, the IASB issued an exposure draft of the proposed amendments to IAS 21 in April 2021 and the final amendments were issued in August 2023.

The amendments introduce requirements to assess when a currency is exchangeable into another currency and when it is not. The amendments require an entity to estimate the spot exchange rate when it concludes that a currency is not exchangeable into another currency.

**4. INVESTMENT PROPERTIES (CONTINUED)**

Investment properties include a developed property in the State of Kuwait registered with one of the subsidiaries of the Parent Company with a carrying value of KD 1,603,000 (31 December 2024: KD 1,603,000, and 30 September 2024: KD 1,575,000). It is recorded in the books according to an Ijara contract with a promise to purchase concluded between the subsidiary and a local bank and is due for repayment on 18 August 2026. The property was previously recognized according to an Ijara contract with a promise to purchase concluded between a related party ("a major partner of the Ultimate Parent Company") and the local bank (Note 9).

Investment property valuations at 31 December 2024 were carried out by independent, accredited valuers who hold recognised and relevant professional qualifications and have experience of the locations and categories of investment properties being valued. In accordance with the requirements of the Capital Markets Authority, the Group has chosen the lower of these two valuations, as the applied valuation models are consistent and the fair value is determined by combining the revenue capitalization method and the market comparison method, taking into account the nature and use of each property. The Group's investment property portfolio is evaluated on an annual basis as management believes that there are no significant circumstances that have arisen during the period of the interim condensed consolidated financial information, which may have a significant impact on the fair value.
